III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

COMPETITION No: 12- FINAL 8 yo

Grass Arena

Competition open to 3 horses of each Studbook Team.

All Studbook Teams competing in the competitions n.10 and n.11 are allowed to compete in the Final.

Each Studbook Team will compete with 3 Riders appointed by the Studbook.

Each Studbook should have three different riders in its team for the final.

Each rider must ride a horse they had ridden in the previous competitions.
The Team Manager of the Studbook must declare to the Show Office the names of the 3 Riders and the Starting order of the 3 Riders in the Team.

Starting order

The Studbook teams will start in reverse order of their placing in the team standings after competitions 10 and 11. (aggregate points of each Studbook Team in competitions 10 and 11)

The starting order of the 3 athletes within each Studbook team will be decided by each Studbook Team and will be communicated to the Show Office at the time of the declarations the day before the competition.

Riders of each team will be competing consecutively (one directly after the other; i.e. first in the arena is the 1st rider of the 1st Studbook team on the starting list, second in the arena is the 2nd rider of the same Studbook team, followed by the 3rd athlete of that Studbook team. Subsequently, the first rider of the second Studbook Team on the starting list and so on).

Placing - Studbook Teams

The classification of the Studbook teams will be established according to the total penalties of the 3 athletes per Studbook team, as well as according to their aggregate times.

Athletes eliminated, retiring or not completing their round for any reason will receive the result of the most severely penalised athlete of all other riders competing in that particular round + 20 penalty points in addition; the total established accordingly will be added to the results of the remaining riders of the Studbook team in question. If the athlete eliminated or having retired has him-/herself been the most severely penalised of all athletes in that particular round of the competition, before being eliminated or retiring, 20 penalty points will be added to his/her score.

In order to be placed in the final result, at least two out of three athletes per Studbook team must finish their round with a valid result (i.e. not being eliminated, not being disqualified or not having retired during the round).

Tie breaker

In case of a tie on penalties and time for the 1st Studbook team place there will be a jump off against the clock with one athlete per Studbook team. If there is still a tie following the first jump-off, there will be a second jump-off in which two new athletes (one from each Studbook team) – due to be designated by the Studbook team – will participate and so on, until the tie will be broken. In case of a tie for other places, the Studbook teams in question shall remain tied. The starting order in the jump-off (if any) will be equal to the starting order of the Studbook teams concerned.

Placing - Individuals

An individual classification, (penalties and time) shall be established to distribute the individual prize money. There is no Jump off for the Individual classification. The athletes are classified according to their penalties and time.

Type of Competition: Table A against the clock with jump-off

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

All payments will be made according to NED law and tax regulations. Competitors will be asked to provide all necessary information (Passport & Sofi- number), in order to guarantee a correct tax procedure. The Prize Money will be wired into the account of the riders. We ask all the riders to send their bank details with the definite entries (Name of the Bank, Account Holder, Account number, Iban number, Swift code).

The prize money won will be paid after deduction of any possible outstanding debts of the respective rider and/or his horse's owners at or in connection with the event.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the Competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated for the original Competition for each group. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been

allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).*

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the FEI World Cup™ Competition. For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
